

RUPAN KUMAR YADAV

Java Developer | Backend Development | Web Technologies

■ Jaipur, Rajasthan | 📞 +91-9123543857 | ✉️ rupanraj0002004@gmail.com | ■ [linkedin.com](#) | ■ [Github.com](#)

PROFESSIONAL SUMMARY

Motivated Java Developer and CS student (4rd Year, B.Tech CSE) with hands-on experience building real-world applications using **Core Java, OOP, and MySQL**. Proficient in backend development, database design, and web technologies. Seeking a **summer internship** to contribute to impactful software projects.

TECHNICAL SKILLS

Languages:	Java (Core, OOP), Basic Python, SQL
Web Technologies:	HTML, CSS, JavaScript, React JS
Database:	MySQL, DBMS Concepts
Core Concepts:	Object-Oriented Programming, Data Structures & Algorithms, DBMS
Dev Tools:	IntelliJ IDEA, Eclipse, VS Code, Git, GitHub

PROJECTS

Library Management System

Java · MySQL · OOP

- Architected a **full-featured library management system** — books, students, and issue/return tracking.
- Engineered **4 core modules** (add, update, delete, search) using Java with clean separation of logic.
- Designed a **normalized MySQL database schema** for books, students, and transaction records.
- Applied OOP principles (classes, objects, inheritance) for a modular and maintainable codebase.

Real-Time Chat Application

HTML, CSS, JavaScript

- Built a **fully functional real-time chat application** with multi-user rooms, live messaging, and typing indicators.
- Designed a **dark-theme responsive UI** with emoji support, room system, and dynamic message rendering using HTML, CSS, and JavaScript.

Student Result Portal

Java · Web Technologies

- Developed a **web-based result portal** enabling students to retrieve academic results instantly.
- Integrated Java backend with a clean frontend interface for seamless result retrieval and display.

EDUCATION

B.Tech (CSE) — Computer Science & Engineering

Aug 2023 – May 2027

Jagannath University Jaipur, Rajasthan

GPA: 7.73 / 10.0

- Relevant Coursework: Data Structures & Algorithms, DBMS, OOP, Operating Systems, Computer Networks

CERTIFICATIONS

- **Java with DSA — Apna College (2025)**: Comprehensive Java + DSA course with 100+ practice problems.
- **Python Programming — Cisco Networking Academy (2024)**: Core Python concepts and real-world problem-solving.
- **Networking Essentials — Cisco Networking Academy (2025)**: Networking fundamentals, protocols, and communication systems.

ACHIEVEMENTS

- Developed **3 end-to-end Java/Web projects** with real-world functionality, demonstrating independent development capability.
- Completed **Java with DSA** from Apna College — solved **100+ coding problems** to strengthen technical interview skills.
- Maintained **SGPA of 7.73** and **75% in Sem VI**, consistently performing well across core CS subjects.
- Applied **modular code design and OOP principles** across all projects for clean, scalable architecture.
